

CONTENTS

ORIGINAL STUDIES

<i>Comparison of acetabulum posterior wall fractures and fracture dislocations: dislocation does not affect clinical and radiological outcomes.</i> Turan B. Kizkapani <i>et al.</i>	117
<i>A comparison of the InterTan nail and proximal femoral nail antirotation in the treatment of reverse intertrochanteric femoral fractures.</i> Ahmet İmerci <i>et al.</i>	123
<i>Retrograde dynamic locked intramedullary nailing for distal femoral aseptic nonunion associated with broken antegrade locked nail.</i> Chi-Chuan Wu.	132
<i>Biomechanical and clinical comparison of single lateral plate and double plating of comminuted supracondylar femoral fractures.</i> Jun Zhang <i>et al.</i>	141
<i>Dual-mobility socket in challenging total hip arthroplasty : 2-6 years follow-up.</i> Christophe Pattyn <i>et al.</i>	149
<i>The effectiveness of blood metal ions in identifying bilateral metal-on-metal total hip arthroplasty patients at risk of adverse reactions to metal debris.</i> Gulraj S. Matharu <i>et al.</i>	154
<i>Leg power, pelvic movement and physical activity after periacetabular osteotomy. A prospective cohort study.</i> Inger Mechlenburg <i>et al.</i>	163
<i>Long-term effects of intravenous iloprost therapy in patients with bone marrow oedema of the hip.</i> Timo Zippelius <i>et al.</i>	172
<i>The contribution of the medial retinaculum as a restraining factor to the patella dislocation.</i> Leonidas Mitrogiannis <i>et al.</i>	179
<i>Total knee arthroplasty in patients with prior adjacent multi-organism osteomyelitis.</i> Rhodri L. Williams <i>et al.</i>	184
<i>Are unilateral or staged bilateral total knee arthroplasty really safer than simultaneously bilateral TKA, or is it a myth?</i> Aydın Arslan <i>et al.</i>	192
<i>Comparison of three posterior malleolar fixation methods in trimalleolar ankle fractures.</i> Mahmut Kalem <i>et al.</i>	203
<i>The proprioception of the knee joint following tibia plateau fractures.</i> Deniz Kargin <i>et al.</i>	213
<i>Evaluation of intra-operative imaging during scarf osteotomy – an unnecessary cost or an essential prerequisite?</i> George Cooper <i>et al.</i>	223
<i>The relation between ankle morphology and osteochondritis dissecans of talus.</i> Yuksel Yurttas <i>et al.</i>	229
<i>Importance of assistant intra-operative medial distraction technique for intraarticular calcaneus fractures.</i> Tao Yu <i>et al.</i>	235
