

# CONTENTS

## ORIGINAL STUDIES

<i>A New 3D Reconstruction Method to Assess Anatomical Restoration in Vertebral Compression Fractures.</i> David C. Noriega Gonzalez <i>et al.</i> . . . . .	497
<i>The appropriate management of osteoporotic vertebral compression fractures : a single institute evaluation using the VCF Monitor.</i> Rupert Schupfner, Herman Stoevelaar . . . . .	506
<i>Acute Injuries Sustained by Racing Drivers: A Cross-Sectional Study.</i> Christos Koutras <i>et al.</i> . . . . .	512
<i>Antibiotic impregnated cement coated Ilizarov rod for the management of infected non union of long bone.</i> Tahir A Dari <i>et al.</i> . . . . .	521
<i>Is parathyroid hormone a viable solution for nonunion? a systematic review and pooled analysis.</i> Seung-Ju Kim <i>et al.</i> . . . . .	527
<i>Results of the treatment of intracapsular femoral neck fractures with a new dynamic locking plate.</i> Dominik Gruszka <i>et al.</i> . . . . .	536
<i>Comparison of acetabulum posterior wall fractures and fracture dislocations : dislocation does not affect clinical and radiological outcomes.</i> Turan Bilge Kizkapan <i>et al.</i> . . . . .	544
<i>Is there any difference between the biomechanical strengths of the current fixation techniques for comminuted distal patellar fractures? (Comparison of distal patella fracture fixation techniques).</i> Onur Kocadal <i>et al.</i> . . . . .	550
<i>Atypical femoral fractures : three cases and a review of literature.</i> Marno Van Lieshout <i>et al.</i> . . . . .	558
<i>Fixation of tibial pilon fractures based on column concept : a prospective study.</i> Mohamed Sameer. . . . .	568
<i>Do patients with acute isolated pubic ramus fractures have to be hospitalized?</i> Ali Turgut. . . . .	574
<i>Radiation exposure from computed tomography of the upper limbs.</i> Sorin Daniel Iordache <i>et al.</i> . . . . .	581
<i>The efficacy of 1,2- intercompartmental supratrochanteric artery pedicled vascularised bone graft for scaphoid proximal end non-union and avascular necrosis.</i> Yüksel Özkan <i>et al.</i> . . . . .	589
<i>The Latarjet procedure for anterior shoulder instability : a consecutive prospective series of 50 cases.</i> Anthony Gough <i>et al.</i> . . . . .	599
<i>Inter- and intraobserver reliability in the assessment of glenoid fracture classifications</i> Dirk P.H. Van Oostveen <i>et al.</i> . . . . .	605
<i>The use of suture anchors in akin osteotomy : a new surgical technique.</i> Cem Yalin Kilinc <i>et al.</i> . . . . .	612
<i>Achievement of Primary stability using 3D-CT guided custom design femoral stems in patients with proximal femoral deformity : EBRA-FCA analysis.</i> Hazem A H Hosny <i>et al.</i> . . . . .	617
<i>Neopterin, Interleukin-6, Procalcitonin, C-reactive protein and PET-CT staining as markers in infected total knee prosthesis, a retrospective analysis.</i> Koçturk Yildirim <i>et al.</i> . . . . .	624
<i>Cement anchors with screw holes for liner cementation into cementless acetabular metal shells.</i> Nobuhiro Kaku <i>et al.</i> . . . . .	631
<i>Bilateral early knee osteoarthritis treated with unilateral proximal tibial osteotomy and contralateral non-surgical technique.</i> Chi-Chuan Wu. . . . .	641
<i>Is there any correlation between short-term MRI and mid-term clinical results in patients undergoing an osteochondral autograft in the knee?</i> David Figueroa <i>et al.</i> . . . . .	650
<i>Tibial component in total knee replacement : the effect of overhang and sizing on outcome.</i> Knud Foubert <i>et al.</i> . . . . .	659
<i>Vitamin D deficiency is associated with longer hospital stay and lower functional outcome after total knee arthroplasty.</i> J.R. Joris <i>et al.</i> . . . . .	664
<i>Comparison of isokinetic muscle strength and clinical outcome between isolated and combined PCL reconstruction.</i> Jin Goo Kim <i>et al.</i> . . . . .	671

<i>Which unicondylar prosthesis is better in the mid-term in obese patients : fixed or mobile? Ersin Kuyucu et al. ....</i>	679
<i>Open meniscus repair in full and partial horizontal meniscal lesions : a biomechanical cadaver study. Felix W.A. Waibel et al. ....</i>	684
<i>Is there a difference in outcome between two types of valgus unloading braces? A randomized controlled trial. N. van Egmond et al. ....</i>	690
