## ORIGINAL STUDIES

<i>Differential diagnosis of acute traumatic hip pain in the elderly.</i> Matthew Hampton <i>et al.</i> . . . . .	1
<i>Low blood transfusion rate after implementation of tranexamic acid for fast-track hip- and knee arthroplasty. An observational study of 5205 patients.</i> Yoeri Bemelmans <i>et al.</i> . . . . .	9
<i>The majority of conversion total hip arthroplasties can be considered primary replacements - a matched cohort study.</i> Georges Vles <i>et al.</i> . . . . .	17
<i>Spontaneous subcapital femoral neck fracture complicating osteonecrosis of femoral head.</i> Sumit Arora <i>et al.</i> . . . . .	25
<i>Dual mobility versus unipolar total hip arthroplasty for neck of femur fractures : a single centre study.</i> Zain Sadozai <i>et al.</i> . . . . .	35
<i>Fracture risk during extraction of well-fixed extended cementless stems : porous versus hydroxyapatite coated.</i> Frederik Matthys <i>et al.</i> . . . . .	41
<i>Characteristics of femoroacetabular impingement morphology and relation with skeletal maturity among asymptomatic adolescents.</i> Mehmet Kaymakoglu <i>et al.</i> . . . . .	47
<i>Subcuticular sutures versus staples for skin closure after primary hip arthroplasty.</i> Hany Elbardesy <i>et al.</i> . . . . .	55
<i>Inter and intra-observer errors for postoperative total hip radiographic assessment using computer aided design.</i> Adnan Faraj <i>et al.</i> . . . . .	65
<i>Bicruciate retaining total knee arthroplasty : results throughout history.</i> Jef De Mulder <i>et al.</i> . . . . .	73
<i>Treatment of open tibia fractures in Sub-Saharan African countries : a systematic review.</i> Kouamé Jean-Eric Kouassi <i>et al.</i> . . . . .	85
<i>The partial femoral condyle focal resurfacing (HemiCAP-UniCAP) for treatment of full-thickness cartilage defects, systematic review and meta-analysis.</i> Hany Elbardesy <i>et al.</i> . . . . .	93
<i>Influence of outpatient total knee arthroplasty compared to inpatient surgery on medical and economic outcomes.</i> Vincent Tomasi <i>et al.</i> . . . . .	103
<i>Outcomes of distal femoral arthroplasty after periprosthetic fractures : minimum 2-year follow-up.</i> Y. Warschawski <i>et al.</i> . . . . .	111
<i>Return to sport and work after medial open wedge high tibial osteotomy : a case series.</i> Francis De Neve <i>et al.</i> . . . . .	121
<i>Solving the enigma of posterolateral tibial plateau fractures, the clue protocol.</i> Radwan G. Metwaly <i>et al.</i> . . . . .	129
<i>Functional outcome of ligament reconstruction with tendon interposition after failed first carpometacarpal joint prosthesis.</i> Lyne Anthonissen <i>et al.</i> . . . . .	141
<i>Functional and radiological outcome after forearm plating in children and adolescent fracture.</i> Paul Cremer <i>et al.</i> . . . . .	147
<i>Improved long-term functional outcome after a latissimus dorsi transfer with or without subscapularis muscle lengthening or release.</i> Stijn De Joode <i>et al.</i> . . . . .	155
<i>Children with supracondylar humerus fractures have an increased risk of attention deficit hyperactivity disorder.</i> Erdiñç Genç <i>et al.</i> . . . . .	163
<i>Proximal femoral derotation osteotomy in children with CP : long term outcome and the role of age at time of surgery.</i> Lieven Vermuyten <i>et al.</i> . . . . .	171
<i>Intra operative assessment of the coronal balance in spinal deformity surgery : a technical note and retrospective study.</i> Thibault Dewilde <i>et al.</i> . . . . .	179
<i>Is the AO spine thoracolumbar injury classification system reliable and practical? a systematic review.</i> Zion Hwang <i>et al.</i> . . . . .	185

<i>Implant failure following pedicle based dynamic stabilization of the lumbar spine. Hans Schauvliege et al.</i> .....	195
<i>Big and deep seated lipomatous tumours in children : results of surgical treatment. Emin Özkul et al.</i> .....	201
