Instructions for authors are available on our website at [www.actaorthopaedicabelgica.be](http://www.actaorthopaedicabelgica.be)

*The cover illustration* : Acta Orthopaedica Belgica is the official scientific publication of the Belgian societies of orthopedic surgery (BVOT and SORBCOT). An image of a twisted tree has represented the journal for many years and was used as the frontispiece of the book Orthopédie by Nicolas Andry (1741). To illustrate the cover of the journal edited by a new team, the editor Universa Press designer has maintained this tree as a symbol of the important work done by previous editors. The assignment was given to develop a logo featuring this tree that is also strong enough to serve as the cover illustration.
