ORIGINAL STUDIES

<i>Factors associated with degeneration of rotator cuff tendon : a histological study in patients with rotator cuff tear.</i> Chris H. Jo <i>et al.</i>	393
<i>Manipulation under anesthesia for frozen shoulders : a retrospective cohort study.</i> Tim Kraal <i>et al.</i>	400
<i>Acute acromioclavicular joint dislocation treated with tigh trope : Mini-open versus percutaneous stabilization.</i> Di Lu <i>et al.</i>	406
<i>Intramedullary nailing of dislocated midshaft clavicle fractures with the Rockwood Clavicle Pin, a retrospective study.</i> Björn Nordenstedt <i>et al.</i>	412
<i>The Accessory muscles of the Axilla.</i> F. Verhaegen <i>et al.</i>	421
<i>Dual plate for comminuted proximal humerus fractures.</i> Sungwook Choi <i>et al.</i>	429
<i>Reconstruction of complex radial head fractures using fine-threaded K-wires : clinical outcome and remaining instability.</i> J.C. Hopf <i>et al.</i>	437
<i>Headless compression screw fixation for type 2 and 3 articular surface fractures of the distal humerus using transolecranon approach.</i> Sang Ki Lee <i>et al.</i>	448
<i>Surgical treatment of partial and full distal biceps tendon ruptures.</i> Cedric Robbrecht <i>et al.</i>	459
<i>Results of ulnar shortening osteotomy in patients with ulnar wrist pain. A retrospective study.</i> Jonas Declerq <i>et al.</i>	464
<i>Blade expandable intramedullary nails for fixation of tibial shaft fractures.</i> Teoman Basaran <i>et al.</i>	472
<i>What is the reason of the high fibular head in the Discoid Lateral Meniscus?</i> Sang Hak Lee <i>et al.</i>	477
<i>Tranexamic acid in total knee replacement which protocol? which application form? A prospective randomised study.</i> İsmail Gökhan Şahin <i>et al.</i>	484
<i>Joint Space Width, but not Osteophyte Thickness, is a Reliable Indicator of Degeneration of Lateral Knee Joint Cartilage.</i> Kazu Matsumoto <i>et al.</i>	494
<i>How much does saving femoral head cost after acetabular fracture? Comparison between ORIF and THA.</i> Alessandro Aprato <i>et al.</i>	502
<i>Isolated iliac wing fractures : are they really that benign?</i> Erik Hermans <i>et al.</i>	510
<i>Clinical results and complications of a two-stage procedure in hip infection using preformed antibiotic-loaded cement spacers.</i> Ester Garcia-Oltra <i>et al.</i>	516
<i>Results of “Trochanteric Femoral Nailing (TFN)” in comminuted unstable trochanteric fractures.</i> S. Mandal <i>et al.</i>	525
<i>Incidence of hypothermia and factors affecting variation in core body temperature in patients undergoing arthroscopic surgery of the hip.</i> Tanmay Sanjay Suri <i>et al.</i>	535
<i>Cup oversizing as a risk factor for postoperative groin pain in Total Hip Arthroplasty : a retrospective analysis of 437 hips.</i> Jan Vanderstappen <i>et al.</i>	540
<i>Combined open reduction and Dega transiliac osteotomy for developmental dysplasia of the hip in walking children.</i> Mazen M. Ibrahim <i>et al.</i>	545
