ORIGINAL STUDIES

<i>A demographic study of acute injuries in basketball players. Charlotte Schepens et al.</i>	177
<i>Vitamin D, calcium and albumin bloodserum levels in Belgian orthopedic patients – is systematic screening justified? Robin Tjeenk Willink et al.</i>	185
<i>Bilateral posterior fracture dislocation of the shoulders : review of case reports and treatment. Jan Wouter Huizing et al.</i>	193
<i>Nocardia Farcinica infection of a reversed shoulder prosthesis : case report and review. Sofie Mylle et al.</i>	200
<i>Shoulder arthroplasty for glenohumeral osteoarthritis : results from a comprehensive survey in Belgium and the Netherlands. P.C. Geervliet et al.</i>	205
<i>Forestier's syndrome : a rare cause of dysphagia. A case report and review of the literature. Jean Legaye</i>	216
<i>Treatment of distal radius fractures with palmar plates and locking screws. Comparisson of two different types of plate. Jonas Declerq et al.</i>	220
<i>Trapeziectomy with ligament reconstruction and tendon interposition arthroplasty in a male cohort : a retrospective study. Liselore Maeckelbergh et al.</i>	227
<i>The addition of an anti-rotation screw to the dynamic hip screw. Stijn Voeten et al.</i>	233
<i>Prosthetic joint infection due to Mycobacterium bovis 5-years after BCG-instillations. Wouter Goedertier et al.</i>	239
<i>Good midterm results after Birmingham hip resurfacing and total hip arthroplasty. Luc Vanlommel et al.</i>	243
<i>Delayed total hip arthroplasty infection with Mycobacterium Tuberculosis complex. Hervé Poilvache et al.</i>	249
<i>Trends in the utilisation rates and acute hospital capacity needs for total hip replacements : results of an analysis of administrative data. Nicolas Bouckaert et al.</i>	253
<i>Etiology of knee pain in elite cyclists : A 14-month consecutive case series. Anton Borgers et al. . .</i>	262
<i>Mucoid degeneration of the anterior cruciate ligament. Complete resection as equivalent treatment to partial resection. Nicolas Himpe et al.</i>	272
<i>Valgus stress radiography following superficial medial collateral ligament reconstruction using a modified LaPrade technique with adjustable loop femoral fixation. Aad Dhollander et al.</i>	280
<i>A prospective comparative study between a cooling device and manual cooling after total knee arthroplasty. Anton Borgers et al.</i>	287
<i>An evaluation of the influence of force- and weight bearing (a)symmetry on patient reported outcomes after total knee arthroplasty. Stefaan Van Onsem et al.</i>	294
<i>Dislocation of modern design rotating hinge total knee arthroplasty : case series and narrative review. Nikolai Kornilov et al.</i>	303
<i>Can infection be predicted after intramedullary nailing of tibial shaft fractures? Julie Manon et al.</i>	313
<i>Health care and productivity costs for isolated tibia shaft fracture admissions in The Netherlands. Mandala S. Leliveld et al.</i>	320
<i>Surgical treatment of lateral ankle instability. Does allograft tendon have a better functional result? Louis Gossing et al.</i>	327
<i>The challenge of the infected pilon tibial non-union : treatment with radical resection, bone transport and ankle arthrodesis. Annelien Brauns et al.</i>	335
<i>Spontaneous swelling of the ankle in a child : a difficult diagnosis. Jonas Declerq et al.</i>	342
