

ORIGINAL STUDIES

The benefit of introducing a virtual trauma assessment clinic during a global pandemic E. Coveney, K. Lynam-Loane, F. Gorman, F. Mcgrath, D. Bennett, P. O'Grady	1
Treatment management and outcome of polytraumatized patients in a German certified trauma center – comparing standard versus maximum care F. Radetzki, H. Massarwa, A. Wienke, K.S. Delank, J. Zagrodnick	7
Selective sonographic screening for developmental dysplasia of the hip – increasing trends in late diagnosis M.N. Sharrock, C.R. Whelton, R.W. Paton	15
Tönnis and the novel IHDI radiographic classification systems for the developmental dysplasia of the hip (DDH): Evaluation of 406 hips with DDH S. Yilar, M. Topal	21
Total hip arthroplasty in fracture neck of femur: A review of the literature H.E. Ahmed, O. Al-Dadah	29
Total knee replacement survivorship by Design Philosophy: are we ignoring medial pivot design? Analysis based on the UK National Joint Registry D.M. Staunton, R. Mohan, J.R. Carter, A.J. Highcock	37
One stage procedure for developmental dysplasia of the hip in patients aged eight years or older. Systematic review and meta-analysis M.A. Matos, N.D. Almeida, L.S. Hocevar, A. Tartaglia, C. Salles, A.J. De Souza	45
Meta-analysis of InterTan, PFNA and PFNA-II internal fixation for the treatment of unstable intertrochanteric fractures in elderly individuals E. Wang, B. NI, H. Shen, H. Lu	51
Nail breakage in patients with hypertrophic pseudoarthrosis after subtrochanteric femur fracture: treatment with exchanging nail and decortication M.K. Bayraktar, A.Ç. Tekin, M. Ç. Kır, M.B. Ayaz, O. Ocak, F.E. Mihlayanlar	59
Tenosynovial Giant Cell Tumor (TSGCT) of the hip: MRI accuracy and results of surgical treatment P. Schenk, M. Schöni, L. Urbanschitz, L. Filli, S. Rahm, P. Zing	65
A retrospective analysis of nonresponse to denosumab after hip fractures S.-J. Kim, D.-W. Lee	71
Risk factors for fixation failure in intertrochanteric fractures treated with cephalomedullary nailing: a retrospective study of 251 patients G. Garabano, S. Pereira, C.A. Pesciallo, J. Rodriguez, F. Bidolegui	77
Survivorship, clinical outcomes and indications for revision in uncemented unicompartmental knee arthroplasty: systematic review A. Puvanendran, M. Jaibaji, A. Volpin, S. Konan	83
Medial pivot total knee arthroplasty: Mid-term results M. Karahan, E. Acar, U. Serarlan, A. Gültekin	97
Acquired changes in thickness and length of patellar tendon after primary total knee arthroplasty: a prospective ultrasonographic study with over 4 years of follow-up Ö. Özcan, M. Yeşil, H. Boya, S.E. Erginoğlu, A. Yücel, B.K. Yılmaz	103

A new etiological cause for anterior cruciate ligament injury: E-Scooter M. Cakar, B. Karlioglu, M.K. Bayraktar, S.S.Dedeoglu, Y. Imren, A. Keskin	112
Is arthroscopic assisted double tibial tunnel fixation a good option for tibial eminencia fractures? B. Karlioglu, Y. Guler, S.S. Dedeoglu, Y. Imren, A.C. Tekin, M. Adas	117
Headless cannulated screw and externalfixator in the treatment of type C distal femur fractures: Effect of early mobilization on clinical outcomes M.K. Bayraktar, E.A. Tekin	122
Clinical outcomes of Schatzker type II tibial plateau fractures using joint depression morphology: A cross-sectional study M. Sadighi, A. Sabaghzadeh, F. Biglari, A. Ebrahimpour, A. Karami, M.J. Kafiabadi	128
Soft tissue injury prediction using joint depression in computed tomography in AO 41B lateral tibial plateau fractures M. Tunçez, K. Turan, F. Seyfettinoğlu, B.D. Mete	135
Ankle sprain and podoscopic footprint pattern in female volleyball players G. Monteleone, A. Tramontana, R. Sorge, A. Tiloca, M. Roselli	141
Does the slope and length of the plantar calcaneal spur affect the clinic? R. Şahin, M.S. Balik	146
Mycobacterium tuberculosis infection of a reverse total shoulder arthroplasty: a case report C. Meert, N. Poinot, E. Haumont, Ph. Tollet	152
Long-term follow-up in a single-bundle arthroscopic acromioclavicular joint reconstruction after Rockwood III to VI dislocation P. Reyniers, T. De Mulder, P. Ruetten, A. Van Raebroeckx	156
The single assessment numeric evaluation correlates with the western ontario rotator cuff score in non-traumatic shoulder disease P. Verspeelt, M. De Muynck, G. Vanderstraeten, L. Vanden Bossche, Gaetane. Stassijns, Levent Öczakar	162
Ultrasonographic measurement of median nerve and wrist skin thickness in patients with carpal tunnel syndrome: relationship with clinical, electrophysiologic and functionality C. Uz, E. Umay	167
